

HERE ARE MY FIRST 2 WEEKS IN THE CZECH REPUBLIC

I was a little surprised on some points but otherwise it's a rather pleasant country, and the people are very nice and it's easy to communicate with them.

It is rare but it happens that high school students have 3 morning conferences with 2 conferences per day on various subjects such as medical aid in Ghana but also for the first time they had the opportunity to do an "Ecological" workshop by making wax towels and cereal bars

The price of a ticket for a museum with a student discount comes to €3.43 for the Moravska Museum (a design museum) which is inexpensive and allows the population to easily educate themselves

one of the big changes here is lunch we have to order via a site what we want to eat, and we don't have a starter or dessert but we have 4 choices in terms of drinks with still or sparkling water, cold or hot tea and a drink (which I personally do not recommend)

Today I did "just dance", in this room we can do dance, gymnastics and games too :)
